ANALYSIS

This is the second request for an Extension of Time of a previously approved Special Use Permit (SUP-6947) for a 197-foot tall building where 35 feet is the maximum height allowed in an Airport Overlay Zone for a mixed-use development located adjacent to the west side of Rancho Drive, approximately 190 feet south of Lake Mead Boulevard. Since the approval of the Special Use Permit (SUP-6947), the applicant has not made any progress on the proposed project. There have not been any significant changes in land use or new development in the surrounding area.

Title 19.18.060 deems a Special Use Permit exercised upon the approval of a business license, if required, or upon the issuance of a certificate of occupancy or approval of a final inspection.

FINDINGS

The Special Use Permit (SUP-6947) has not met the requirements outlined in Title 19.18.060 to exercise the entitlement as no building permits have been issued. The applicant is requesting an extension of time due to the poor economic conditions in Las Vegas. Staff is recommending approval of the extension of time with a two-year time limit. Conformance to the conditions of approval of the Special Use Permit (SUP-6947) shall be required.
